Charlie's Story

Charlie lived on the streets for over two years while working at a restaurant. “Homelessness used to be a paycheck away. Now even someone with a job can end up homeless.” After losing his job, he reached out to Union Station. “Virgil, my Housing Navigator, worked so hard for me and didn’t give up on me. His persistence allowed me to find housing and a safe place to call home.”

Now equipped with a new job, his own place, Charlie has a bright new outlook on his future and is anxious to give back!

Our Programs
REBUILDING LIVES

OUTREACH
To end homelessness in our region, we manage a coordinated, field-based approach to delivering housing and services.

BRIDGE HOUSING
Shelter and motel beds quickly bring unsheltered community members off the streets, offering a temporary bridge to more permanent homes.

PERMANENT HOUSING
The solution to homelessness is housing. Rapid-rehousing quickly connects people to homes. Supportive housing is a proven solution for those who need longer-term assistance.

EMPLOYMENT & COMMUNITY INTEGRATION
Increased income, supportive services, and community alliances are critical to housing stability. This includes our Sources employment program and Community Allies program.
